

### MT-RJ Patchcord

Issue: December 2008

#### Features

- MT style ferrule with RJ-45 style housing with push-pull coupling mechanism which allows easy disengagement in dense spaces
- One ferrule accommodates two fibers
- Small Form Factor - Half the size of duplex SC and ST connectors
- Duplex assemblies available in standard and custom configurations
- Singlemode and Multimode
- Compliant with Telcordia GR-1435-CORE specification

#### MT-RJ Specifications
